#### We want to hear from you!

Parents and guardians, can you please help our school by providing feedback via this **School Survey Link**, or the one emailed to you from your teacher. Your teachers recently sent each of you an email requesting your feedback surrounding our school and division goals. We review this data closely when planning for future years in The Meadow, and we are asking for as many parents to help us hear what we do well, and what we can look at learning and growing on in the future. Thank-you in advance for your time and commitment to our community school and your child's educational experience!
