EDMS News

Grade 7 & 8 Academies

Grade 7 and 8 Academies classes have started up again with the new semester. Our Academies program provides a great way for our students to gain exposure to many great learning experiences in the areas of leadership, fine arts, athletics, and STEM (science, technology, engineering and math). Providing the time and focused instruction to help students develop skills and find new interests is an important part of Deer Meadow's culture.

On the topic of Academies, we are pleased to announce that we have some new opportunities coming up. Thanks to the hard work of Ms. Johnson, the school has been awarded a grant from the Chinook's Edge innovation initiative. Work is underway to transform an unused space into a fully equipped sewing room where students will sew, make and create! Additionally, we are preparing a shop space where students will be able to learn skills while working on construction projects. Just a few of the exciting new Academies developing at EDMS!

Parent Survey

Parents are invited to take part in a survey as part of Mr. Whitehead's principal evaluation. Thank you for taking the time for this. The survey will remain open until Midnight on February 12th.
